THE MIDDLESEX HOSPITAL IN 1750.

THE ALL HELP LEAGUE.

LADIES AND GENTLEMEN,

You were warned in a previous letter that the Hospital building was in a faulty condition as regards its foundations, walls and floors. This warning, I regret to tell you, was only too well founded. More thorough examinations have followed on the discovery of the original signs of weakness, and these have not only confirmed the first reports but have revealed extensive defects throughout the whole of the Old Block, which is the part with which you are most familiar as including all the Mortimer Street frontage. In writing about a Hospital it may not be out of place to use simple medical language. The usual professional attendant of the Hospital had examined the patient and given his opinion that the case was very serious, some of the symptoms even positively dangerous. As is usual in such circumstances, in the case of an important patient the second opinion of a consultant was called for; this eminent practitioner agreed as to the previous diagnosis that strenuous remedies must be adopted as soon as possible in order to preserve and lengthen the life of the patient. At such a crisis as this you know that the relatives and friends of the patient will even deny themselves with a view to providing the necessary medicines and stimulating nourishment to restore the strength and working powers of the ailing person.

THE MIDDLESEX HOSPITAL IN 1835.

Well now, the patient is your old Hospital, and you are its relatives and friends. Surely you will recognise your duties at this critical time. To come down to hard facts the entire Old Block will have to come down and be rebuilt in successive sections: this is a big job, and will cost a very large sum of money. As is only too well known nowadays building is an expensive proceeding. It is of great importance that the essential work of the Hospital shall be interrupted as little as possible when the "house-breaking" begins. For this purpose the old City of Westminster Cleveland Street Sick Asylum has been leased, and the work of converting this into an Annexe to the Hospital fit to receive patients and to relieve the Out-patient Department is well in hand. This alone will cost over £30,000 in addition to the annual rent. So you will see that the Hospital is not neglecting its services to you in spite of the heavy expenses involved. This, however, is a mere fleabite compared with what must be spent if you are to have a safe and efficient Hospital equipped with all modern improvements. Less than this it is not right to offer you. The experts have definitely decided that no tinkering will be of any real use: the old worn-out machine must be scrapped and a completely new substitute must be erected. It is up to the friends of the Hospital to see to it that the necessary funds are forthcoming, whether they be those who can help with thousands of pounds or only with a few shillings. Take the number of In-patients treated in a year in the General and Cancer Wards as 6,000, and the number of patients treated in the Out-patient Department as 40,000, and say that those benefited during the last 10 years allowing for obvious deductions could be reached by this appeal we should have a body of 400,000 grateful friends who might each contribute just a few bricks, and be able to say "Some portion of that noble building is mine." Our task will be long and heavy, but do not despair when you hear that your new Hospital is reckoned to cost £500,000. This will take some time to

raise as the building proceeds. All the more reason that you should all put your own shoulders to the wheel and spread the knowledge of our grievous needs among all with whom you come into touch, so as to induce them to help you in pushing the "coach" well along the road towards its desired destination.

The Hospital will naturally be carrying on a strenuous campaign which will include a house-to-house canvass; should by any chance more than one visit be paid to the same house this must be attributed, please to excess of zeal not of importunity.

The stress of this great crisis has not been allowed to interfere in any way with the ordinary service of the Hospital which has been carried on in its quietly effective manner. One feature, however, should be

BRANCH HOSPITAL AND CONVALESCENT HOME.

marked, the notable increase in the number of patients and attendances in the Out-patient Department; this emphasises more than ever the absolute need of providing a new and adequate section of the Hospital to cope with this additional work.

I have tried to give you a good variety of pictures this year. The one of myself with Sally, the All Help League Mascot, is included because members have from time to time suggested that they would like to see what I look like; I hope they will not receive a shock. Sally is home again after a long and dangerous attack of distemper. She has returned minus one eye, but she has kept all her sweet ways and is more delightful than ever.

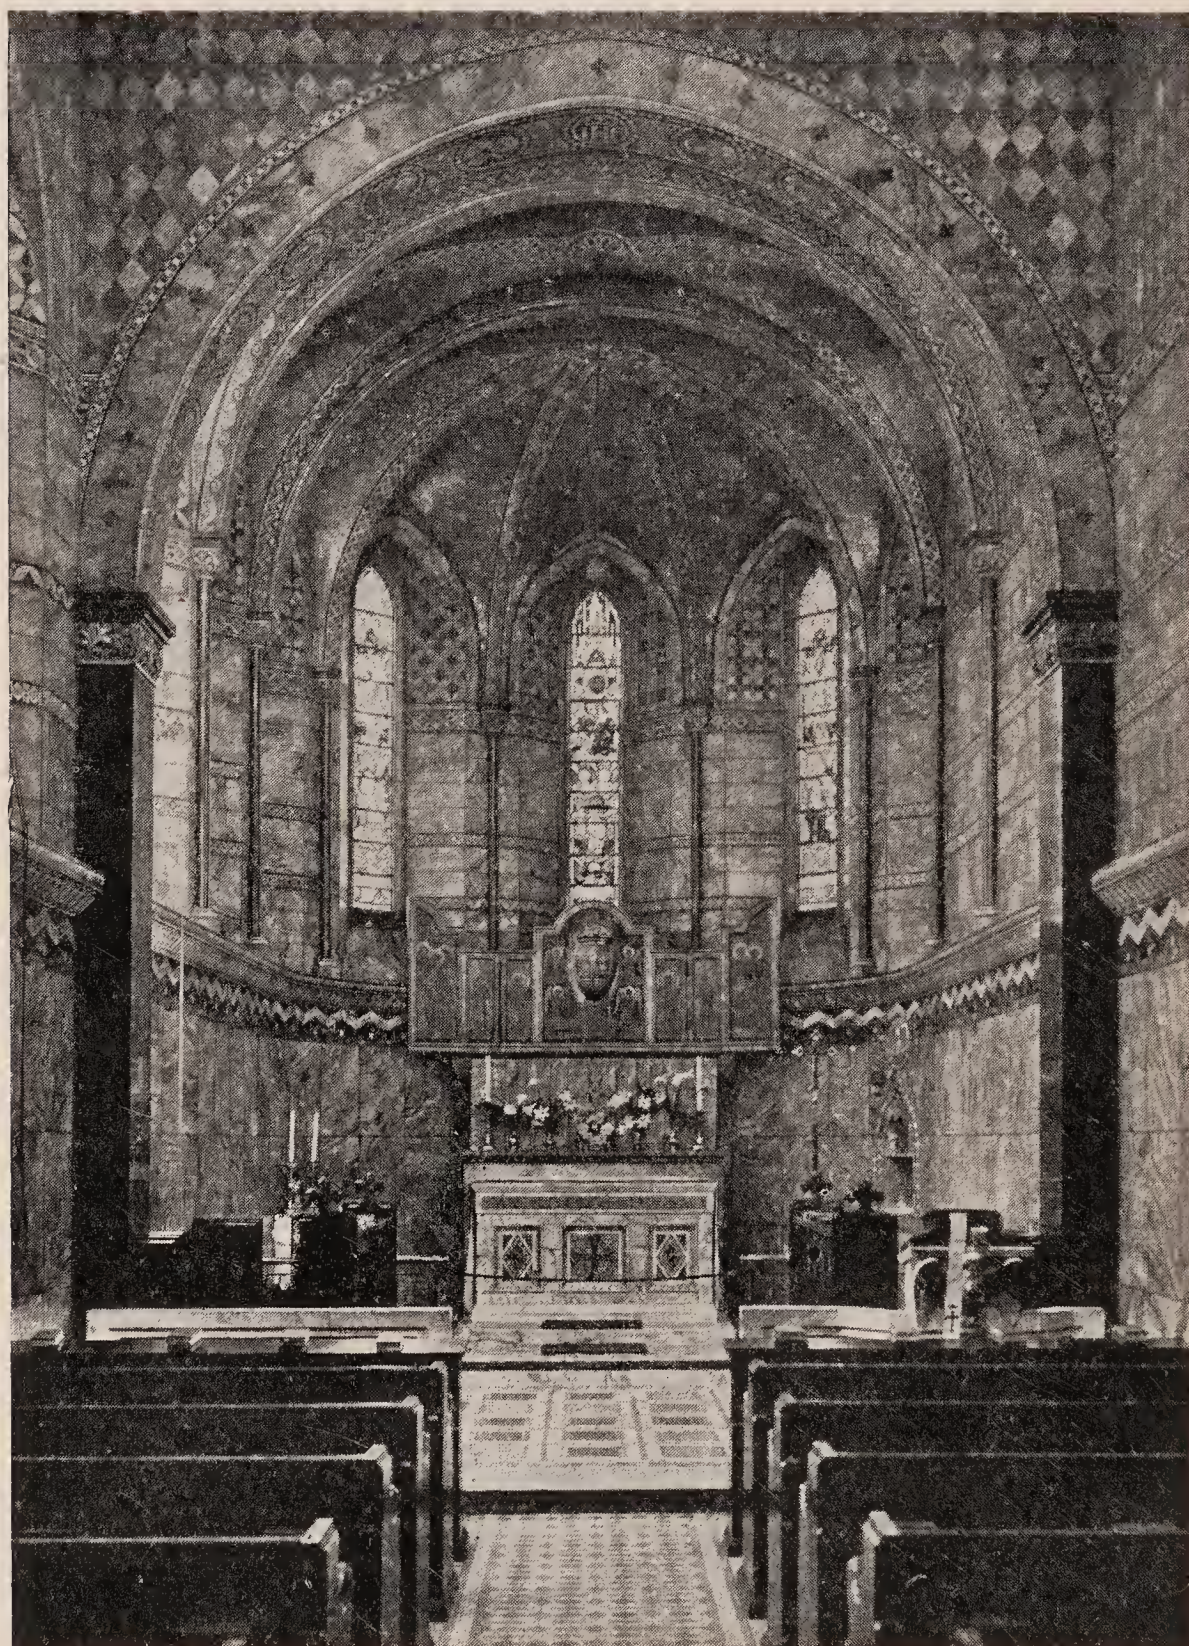

The League continues to prosper and we make many new members. It is earnestly desired that all who can, will interest their friends and acquaintances with a view to giving us extra help during these extremely difficult times.

I remain, Ladies and Gentlemen,

Yours sincerely,

MAUD B. DAVIS.

Hon. Sec. ALL HELP LEAGUE.
